“Trees are the most kindest things we know, they do no harm they simply grow.”

Dear Parents,

If we want to save our planet for the future and improve our present day life too, planting trees is a must. It is rightly said, ‘The least a human could do is plant a tree to compensate the harm they cause to the planet daily.’ That’s why it is so important to teach our kids about the importance of trees. The best way to teach kids is to demonstrate eco-friendliness . If they see us planting trees and caring for the environment, they will value the idea So,you are requested to send any one of the sapling: Papaya/Guava/Mango/Gulmohar/China/Rose/Tulsi/Ashoka/Neem.
Send The above positively by 26th July 2016,Tuesday with plant name.
