Dear parents

Tree plantation is a harbinger of prosperity. This year our motive is not just to plant the saplings but rear them as well. The number of saplings planted is immaterial, what matters the most is to pay meticulous attention for their nurture, protection and growth. We must take care of them like we care for our relations. Keeping this belief in mind, this year school has planned to make the students establish a friendly and cordial relation with plants so that they should not only learn to protect and nurture the plants but also to maintain healthy relations in life.

You are also requested to be a part of the same by sending a sacred thread (moli) which will serve as a Friendship band for the students. The ceremony will be organized on 5 August 2017.
