Dear Parents,

Poetry recitation is an essential skill for every student. Reciting a poem enables us to examine it more intimately; you can hear the cadences of the work, the nuances that don't necessarily show themselves on page. When we encounter a situation akin to the sentiment expressed in the poem. Then we experience and appreciate the same poem in a newer light, kids properly recite their poems to fully comprehend the poetic design and sentiment.

Keeping this in mind Nursery Department is organizing HINDI poetry recitation competition for pre-schoolers.
