Dear Parents,

Let's Make It Earth Day Every Day!

Earth Day 2015

We are celebrating 45th Anniversary of Earth Day in 2015. This year will be witnessed as most exciting year in the environmental day. The year in which economic growth and sustainability join hands. The year in which citizens and organizations divest from fossil fuels and put their money into renewable energy solutions. These are tough issues but we know what's at stake is the future of our planet and the survival of life on earth. On Earth Day we need you to take a stand so that together, we can show the world a new direction. In 2015, let's redefine what progress looks like. It's Our Turn to Lead.

It's our responsibility to help kids become aware of the environment fragility of this planet. Whenever possible, use various means to teach kids about ecology and species extinction. Help them to understand that what they do can make a difference. They need to see how protecting and preserving the Earth is important to us, not just by our words but by our actions as well such as:

Not wasting the water, Planting a tree to beautify your neighbourhood, Taking recyclable materials to a recycling center, Turning off lights when not in use and keeping our surrounding clean.

In sync, children of Nursery Wing has taken the responsibility to keep our Mother Earth clean and green. Children will celebrate the day and conduct a '**Litter Free Week**' from **20th April to 24th April 2015**. In this week, students will display their creativity and concern for the environment.

- **20th April**- Pre Primarians will go out in an open area of school premises, collect all the litter and help fourth class employees to clean the school and its surroundings.
- **21st April**- Pre primarians will decorate the green and blue dustbins for their classes.
- **22nd April**- Pre Primarians will speak at least 2 lines in English on save our Mother Earth. Parents are requested to prepare their child for the same by 21st April. They will wear the head gear/head band and Preschoolers will do Colouring/scribbling in the image of their Mother Earth.
- **23rd April**- Pre Primarians will show their creativity and make "Thank You" cards for helpers of the school.
- **24th April**- Children of Pre Primary and Pre School will bring small soaps and give it to class Fourth Employees, who helps to clean their environment.

Objective of doing all the above activities is to make children aware that Earth & our planet is on the brink of catastrophe. So, Children should take a pledge to take care for Mother Earth, so that it can continue to take care of us.

PRINCIPAL
